

CELEBRATE Carson

Show Your Pride!

Celebrate Carson's volunteers are on the lookout for members of the community who are showing their pride throughout the City. Residents and businesses who display the Celebrate Carson static-cling window decal on their car, home, or business window are eligible to win valuable gift cards from local restaurants and retail shops. Winners are selected on a quarterly basis, so show your pride by displaying your decal and you just might be chosen next!

In order to receive a decal, please contact us at info@celebratecarson.com or visit our booth at City events. In addition, local businesses who would like to show their Carson pride by becoming more involved with Celebrate Carson, please contact us by email or through our Web site at www.celebratecarson.com.

Who Is Celebrate Carson

Celebrate Carson, a community-based campaign supported by local residents and businesses, proudly promotes the City of Carson as a growing, vibrant, and culturally rich and diverse place to live, work, shop and play. It serves to ensure Carson's prosperous steady growth and economic stability for an enhanced quality of life.

What is the Community Saying?

"In so many ways, the City of Carson is just the kind of community most people want. We enjoy a warm, friendly, small-town environment, but have access to a rich variety of jobs, services, and the amenities of a larger city. We're very fortunate to be surrounded by wonderful people, and to now have the shopping and restaurants that we've always wanted and needed at the South Bay Pavilion." – **Mary Anne O'Neal, lifelong resident, former member of the City Council and Honorary Chair of Celebrate Carson**

"Public safety is a top priority in the City of Carson. The men and women of Carson Sheriff's Station work very closely with the City, community, and business leaders to make the City a safe place to live and work." – **Captain Todd Rogers, Carson Sheriff's Station**

"Not only has the Home Depot Center brought professional and international sporting events to the City, it has also put Carson on the world map. In addition, it has inspired our youth athletic programs and given young athletes a vision of what they can aspire to be." – **Josh Canales, Director of Fellowship of Christian Athletes, Urban Los Angeles & Youth Minister at Mission Eben-Ezer Family Church**

"Like the residents of the City, Watson Land Company is proud to call Carson home. We strive to support the community through good corporate citizenship and by attracting quality companies that bring jobs and economic benefits to the area." – **Pilar Hoyos, Watson Land Company**
